Curious about how
our environmentally-
friendly cleaning
products have been
received?

"In our experience, Naval
Kleen II has proven to be a
highly effective product for
mitigating oil contamination of
ballast tanks."
Jeff Phelps
Vessel Manager,
Maersk Line Ltd.

On Spillaway and Fleet
Kleen:
"One of the best advantages
aside from its ability to clean
the deepest crevices and cracks
on any surface is the added
benefit of cost savings and
time."
Greg Cox
PSA & Environmental
Coordinator for Delta Airlines

Dear John,

For all those who gave their lives for our freedom, we
remember you with much gratitude.

And for those in the U.S. I wish you a safe and enjoyable
Thanksgiving!

All best!

John

The Green Expo Was Great!

For the third year in a row, my wife Lauren and I
attended the Green Expo trade conference held in Mexico
City in September. With thanks from the N.C. Department
of Commerce's International Trade Division we had the
opportunity to meet with new distributors and establish
relationships with new partners and colleagues.

That's us in the middle!

Join Our Mailing List!

(Left-right) Ricky Chatha of Waste to Green, Rick Hill of the N.C. Department of Commerce's International Trade Division, Tom Fahrland of Bace LLC, John and Lauren Paparone of Environmental Solutions Inc., Laura Camberos of the State of North Carolina Mexico Office, and Patrice Bertrand of Roll-Tech Molding Products LLC

Featured Product: FTP 100 & FTP 600

FTP-100

Getting rid of animal and vegetable greases, oil, starches and lipids is critical to maintaining safe food facilities whether in a galley aboard ship or in a restaurant or food processing plant.

In addition, these FTP products will also help keep your hydraulic lines and work areas free from leaking fluids and other harmful contaminants.

Easy and safe for personnel to use, the Return on Investment in this product pays huge dividends as very little amounts are needed to keep food areas and equipment clean. Use these readily biodegradable products in a regular maintenance program for best results.

FTP-600

Get in the game and give your best environmental practices a boost!

Please call or email us for more information at 919-740-0546 or john@totalbiosolution.com.

We're Looking For Distributors

Imagine building a thriving business that helps save the environment!

Our primary goal is to build a network of successful distributors, both nationally and internationally, for our product line.

[Watch our short introductory video here and contact us today to learn more.](#)

About Environmental Solution, Inc.

We care as much about the environment as you do.

That's why we're committed to helping companies in the marine, industrial, food manufacturing, transportation and aircraft industries enhance their environmentally-conscious green strategies with our superior bioremediation cleaning supplies that have a wide array of cost-effective and time-saving applications.

We are also a manufacturer's representative for our product line. Our primary goal is to build a network of successful distributors, both nationally and internationally for our product line.

If you want to keep your people safe and your working environment as clean and green as possible while saving time and money, please contact:
